Super Lawyers, a Thomson Reuters business, is a rating service of outstanding lawyers from more than 70 practice areas who have attained a high degree of peer recognition and professional achievement. The annual selections are made using a patented multiphase process that includes a statewide survey of lawyers, an independent research evaluation of candidates and peer reviews by practice area. The result is a credible, comprehensive and diverse listing of exceptional attorneys. This prestigious honor is reserved for those who have demonstrated excellence in the practice of law and is limited to only 2.5 percent of the attorneys in the state.

Curtin & Heefner has provided over 80 years of value-added service. The firm's storied history ranges from the U.S. Congress to local governments, from the area's emerging businesses to some of the nation's largest corporations, banks and insurers. The firm is prominently ranked among the top 100 in size in Pennsylvania, and its attorneys are widely recognized as among the best in the nation, providing creative problem solving, thoughtful counseling, aggressive advocacy, and the highest ethical standards. That rich history and versatility form the foundation from which Curtin & Heefner adds value today ... and to which it is committed into the future.
