IRS: EMPLOYEE RETENTION CREDIT available for many businesses financially impacted by COVID-19

IR-2020-62, March 31, 2020

The Treasury Department and the Internal Revenue Service today launched the Employee Retention Credit, designed to encourage businesses to keep employees on their payroll. The refundable tax credit is 50% of up to \$10,000 in wages paid by an eligible employer whose business has been financially impacted by COVID-19.

Does my business qualify to receive the Employee Retention Credit?

The credit is available to all employers regardless of size, including tax-exempt organizations. There are only two exceptions: State and local governments and their instrumentalities and small businesses who take small business loans.

Qualifying employers must fall into one of two categories:

The employer's business is fully or partially suspended by government order due to COVID-19 during the calendar quarter. The employer's gross receipts are below 50% of the comparable quarter in 2019. Once the employer's gross receipts go above 80% of a comparable quarter in 2019, they no longer qualify after the end of that quarter. These measures are calculated each calendar quarter.

How is the credit calculated?

The amount of the credit is 50% of qualifying wages paid up to \$10,000 in total. Wages paid after March 12, 2020, and before Jan. 1, 2021, are eligible for the credit. Wages taken into account are not limited to cash payments, but also include a portion of the cost of employer provided health care.

How do I know which wages qualify?

Qualifying wages are based on the average number of a business's employees in 2019.

I am an eligible employer. How do I receive my credit?
